14TH ANNUAL KING RICHARD'S FAIRE

DISCOVER THE REALM

Forget your modern work-a-day worries, twentieth century people. Join us as we step back in time to an era long, long ago in a kingdom far, far away. Lose yourself in the wonder and merriment of the 14th Annual King Richard's Faire—A Return to the Renaissance.

King Richard's Faire is a theatrical interpretation of a period 400 years ago. The Renaissance was a time of rediscovery and awakening from the Dark Ages; a time of exploration, romance and adventure; a time of great writing and creativity; a striving for knowledge and immortality. All can be found at the Faire.

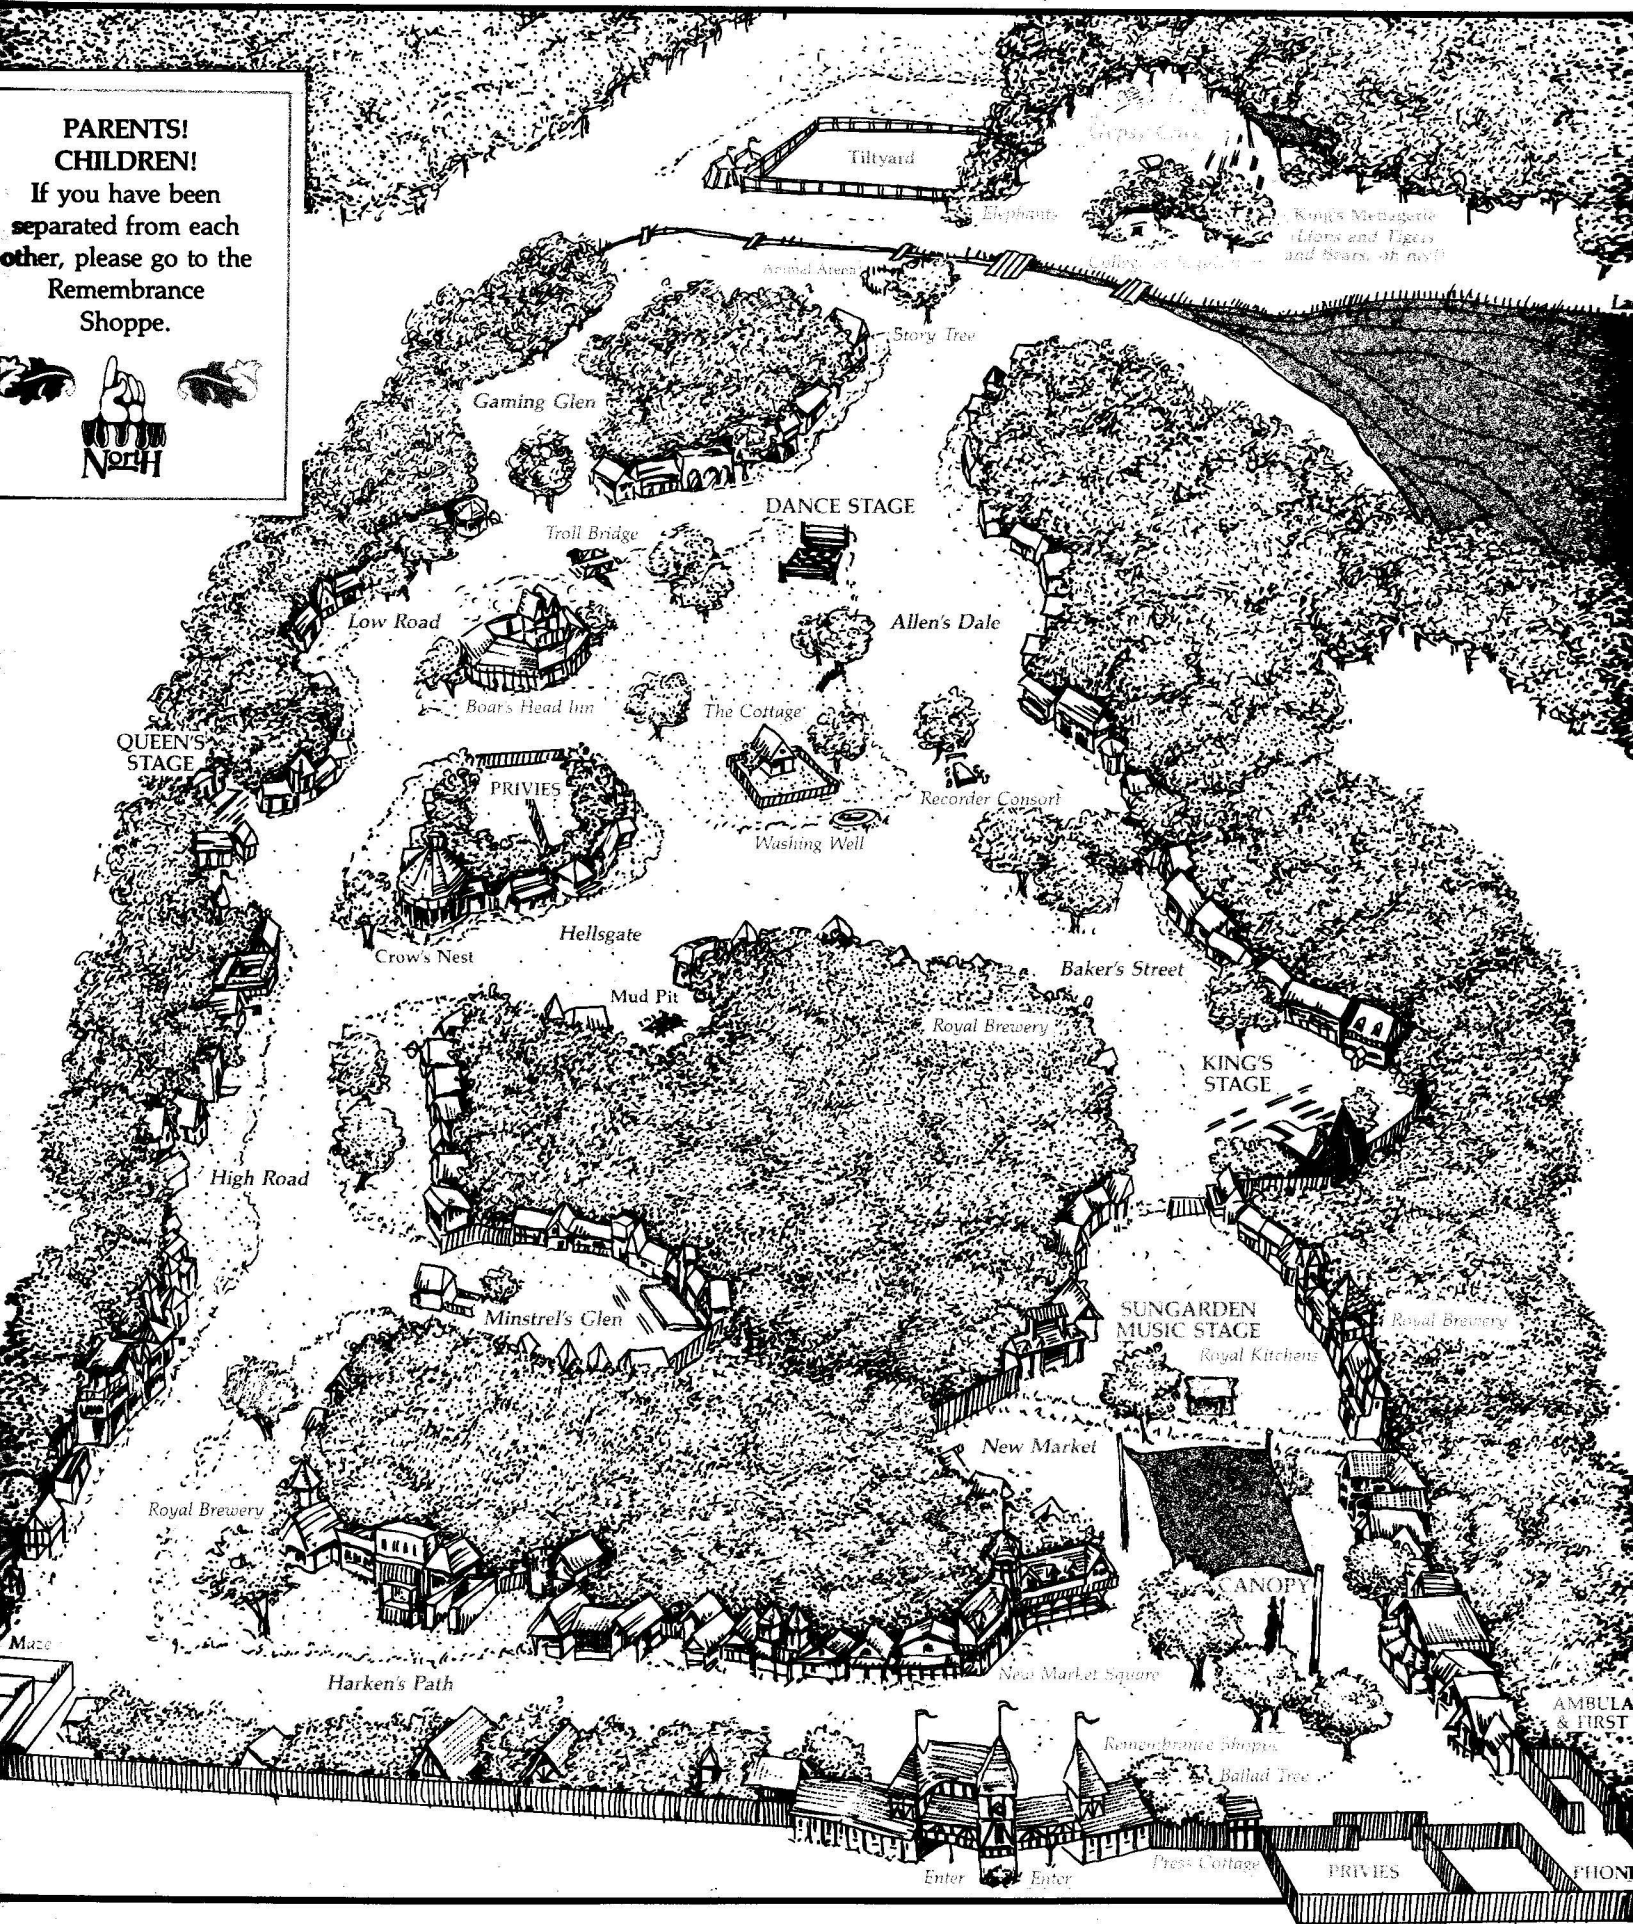

Stroll through Richard's Realm on shady woodland paths. Enjoy continuous performances of Richard's talented townsfolk—everything from ropewalkers, jugglers and musicians to the hilarious antics of the Beggars. Join the great minds of the Renaissance world in searching for clues to the mysterious murder of the Prince of France. Thrill to the daring and danger of live jousts. View hand-crafted marvels made for your delight. Watch artisans create new and wondrous crafts and wares before your very eyes. These items are available for purchase as a remembrance of your journey. Many sumptuous foods and drinks await your sampling. Richard's chefs labor long and arduously to bring you these special treats. Share Richard's celebration of the Renaissance.

King Richard's Faire exists for your pleasure and entertainment. Experience the Renaissance and see why we still celebrate its gifts. Join in the festivities. Let the Legend begin! King Richard bids you hail and welcome!

BECOME AN APPRENTICE

Did you ever seriously wish to be part of the "living theatre" that is the Faire? Well, beneath the whiteface, the costumes and the makeup are skilled and trained professional performers. Many of them have received training right here at the Faire as Apprentices. You too can be an Apprentice.

The Apprentice Program, offered to anyone interested or experienced in the performing arts by King Richard's Faire at no tuition expense, consists of classes, workshops and practical experience covering a broad spectrum of performance disciplines. Included are acting, stage combat, dance, improvisation, music, mime and juggling.

All the classes and workshops are taught by professional artists and educators, who work side by side with Apprentices from pre-Faire classes through the seven weekends of the Faire.

Those interested in the Apprenticeship Program may receive information by calling or writing the Faire office.

VIDEOTAPE POLICY

The use of videotape equipment is strictly forbidden without the expressed consent of the Producers and/or Artistic Director.

WEAPONS POLICY

Any weapons (swords, daggers or wooden swords used as an accessory to a costume must be sheathed while on the faire site. If purchased from a merchant, it must be packaged in such a manner as to discourage its use.
